Scale in Miles

ROUTE DESCRIPTION - River miles 498 to 424 (74 miles)

Except during floods, the Red River of the North is slow-moving and picturesque with its tree-covered banks and frequent wildlife sightings. It is serene and quiet even as the Red passes through small cities. Reminders of the past are found in the muddy banks where bison bones occasionally are exposed. These muddy banks may make access difficult.

There are no rapids except at some of the dams. Low flows expose rocks and snags creating hazards for motors and occasionally block the channel.

Note: River miles are counted beginning at the mouth of the Red River at Lake Winnipeg, Manitoba, and ending at Breckenridge, MN, according to a system developed by the U.S. Army Corps of Engineers. Right (R) and left (L) refer to right and left bank, respectively, when facing downstream.

- 498.0 Powerline Crossing.
- 492.2 County Road 18/2 bridge.
- 489.8 **Rock dam.** Scout before proceeding with caution. No identified portage.
- 487.0 Powerline crossing.
- 483.6 (R) Confluence with Wolverton Creek.
- 480.9 County Roads 16/8 bridge.
- 476.8 (L) Confluence with Wild Rice River.
- 473.5 (L) Forest River Park. Rest area, parking lot, carry-in access.
- 468.5 52nd Avenue/County Road 12 bridge.
- 468.4 (L) Iwen Park/Convent Landing. Trailer access, dock, parking, seasonal toilet, disc golf course.
- 467.2 Powerline Crossing.
- 466.8 Confluence with Rose Coulee.
- 464.4 **South Dam.** Retrofitted with rock slopeway, **portage left.** Shore fishing.
- 461.5 Interstate 94 bridge.
- 461.4 (L) Lindenwood Park. Picnic shelters, tent and trailer sites with hookups, playgrounds, restrooms, bicycle rental, kayak rental, carry-in access, trails, public telephone. A trail exists that connects Lindenwood Park to Oak Grove Park (456.5)
